SIR,

I have the honor to inform you that applications for establishing or aiding Sanskrit schools in villages are occasionally received and further to the reply given is that Government do not as a rule maintain or aid Sanskrit schools in villages. I recommend that as in the case of English schools in villages (vide Para 2 of Order No $\frac{162-172\frac{1}{2}}{89\ 11}$ of 4-7-96), if the people pay in advance half the annual cost of a Sanskrit School into the Treasury to the credit of the Village School Fund, a grant of double that amount may

may be sanctioned for a year from
the Village School Fund, the grant
being renewed in future years on
payment of a similar sum by the
people into the Treasury

SIR,

With reference to your Docket No
 $\frac{8633}{2d\ 326}$ of the 26th ultimo, I have the honour
to inform you that the villagers of Agha-
laya in the Krishnarajpete Taluk have
subscribed Rs 600 in order to found a
fund for the opening of a Sanskrit
School in the Village, the interest accu-
ing from the fund being utilised
towards the cost of the school. A good
number of Brahmin boys is forth-
coming in the Village and the villagers
seem to evince much interest in the
education of their children. The
services of a good Sanskrit Teacher

can be had for Rs 15 a month. If the people of Aghalaya pay Rs 90 into the Treasury in advance I request that Government may be pleased to sanction a grant of Rs 15 a month for a year from the Village School Fund.

An application for a Sanskrit School was made recently to me during my tour by the Brahmins of Hemnige in T. Harsipur Taluk. Personal applications are now and then made for Sanskrit schools by people living in villages. What is wanted is some general rule regarding the aid Government are prepared to give to such schools. No fees are collected in Sanskrit schools. The minimum number of students may be fixed at ten. If the people as in the case of English schools in villages pay half the salary of a Sanskrit teacher which will vary from Rs 7 to Rs 15 a month according to qualifications in advance for twelve months to the credit of the Village School Fund, Government may give double the amount paid into the Treasury as grant to the school for a year from the same fund.

From

To

The Secretary to the Government of Mysore
in the General and Revenue Departments,
Bangalore

Sir

With reference to Government Order
Camp No 151-2 d Mysore 18th June 1900,
I have the honour to inform you that
the people of Aghalanga in Krishnaraj-
pete Taluk would be glad to have the
liberty of investing the subscriptions
collected by them for a Sanskrit school
in any way they think to be most
remunerative. They will appoint a com-
- mittee and a Secretary to manage the
fund, and will pay annually in advance
to the credit of the Village School Fund
a sum of Rs 90 on receipt of an
acknowledgment for that amount from

the Treasury, I shall recommend to Government the sanction of a monthly grant of Rs 15 for a year, the recommendation being repeated in successive years on payment of a sum of Rs 90 into the Treasury. This procedure is adopted in the case of Aided English Village Schools, and seems the most suitable to adopt in the case of Aided Sanskrit Village Schools also, as it enables the subscribers to augment their fund by making the most profitable investments. I recommend therefore that the monthly grant of Rs 15 may be sanctioned for a year only for the present on payment by the people of Rs 90 into the Treasury to the credit of the Village School Fund.

I have the honour to be,
Sir,
Your most obedient servant,
